

Who we are: A non-profit, private legal entity.

Purpose? To provide services and benefits to people with disabilities in a well-planned, targeted and non-discriminatory manner, aiming at the wellbeing and dignity of the individual.

Where? The architectural project is being implemented on a plot of 4,000m², located in the beautiful central region of the city of Campo Alegre (SC). In order to start building this complex, we have already received donations that have been applied.

How? The **Instituto Luterano Campos Verdejantes** aims to be a place of welcome and care for people with disabilities who have no-one else to take care of them.

Thus, as a Christian institution, we want to welcome and take good care of loved ones with disabilities and by doing so provide relief for mothers and fathers who are in distress.
